MNEMBA ISLAND / TURTLES MUST HAVE

10h trip - included lunch
***local seafood/water**
***fruit**

During the full-day trip, we will take a boat to the wonderful atoll surrounding the private island of Mnemba, owned by Bill Gates. It hides a beautiful coral reef. Snorkeling here is an amazing adventure! We will swim among shoals of colorful fish, watch water snails, and with a bit of luck we will meet a herd of dolphins! We will also go to the blue lagoon, where a fruit treat will be waiting for us. Then, on land, a feast of fresh seafood and fish awaits us.

After lunch we will visit the Baraka Aquarium - a natural pool where sea turtles rescued from fishing nets live. We will swim with them and feed them! :)

Pole pole... Means relaxing above all

... you must know that time here flows completely differently. If you don't know the philosophy of pole pole yet, after returning from Zanzibar you will be a real expert in it :) Pole pole means slowly, slowly. Does it sound abstract to you? Reason enough to pack up, drop everything and enjoy life in slow mode. Marvel at the paradise beach, the movement of palm trees in the wind, the perfectly turquoise ocean. Immerse yourself in absolute relaxation... and spend the holiday of a lifetime! :)
